SPEAKING TOPICS:

TRUE BEAUTY:

Drawing upon her experiences in the modeling industry, Jennifer shatters the illusion that outward beauty equals inner fulfillment. By sharing powerful stories from the industry that highlight the struggles of all women, Jennifer reveals that the media's portrayal of beauty is not the true definition of it. As she shares her amazing journey of discovering the love and beauty of Christ, she inspires her hearers to see themselves through His eyes .

MEN, MIRRORS & MAGAZINES:

Women tend to look to the wrong things for a reflection of their value. In these talks, Jennifer reveals the distortions of looking to "men, mirrors, magazines, movie stars, & the media" for our identity. Better yet, she teaches us to gaze instead into the unchanging mirror of God to see our true reflections. There, we find that we are His beloved daughters, precious creations, holy temples, radiant lights, and chosen ambassadors, hand-crafted to be reflections of Him in a lost and hurting world.

THE PERFECT DREAM:

The world tells us that "perfect" is possible: the perfect image, look, and success. But Jennifer discovered that the perfect lie was holding her captive, and God's truths set her free to find real fulfillment in a world of imperfection. Join her as she carefully unveils the lies of the world and dynamically teaches the truths of Christ, who makes all things "perfect" in His time.

MARRIAGE, MINISTRY & MORE:

How do we bear fruit at home as well as abroad? Jennifer shares her trials and triumphs in discovering God's design for marriage, motherhood, ministry, money, and more. A mother of three, Jennifer is forthcoming about the battle she has waged to bear fruit in both her public and private ministries. Drawing upon her love for the Word, she explores the growth we all can experience, from being planted, to pruned, to plucked with the fruit we all desire.

THE FREEDOM OF FORGIVENESS:

We can get so stuck in the past that we carry bitterness that steals joy from the present. Jennifer candidly shares how we can move from "victim" to "victor" by dealing well with both past and current offenses in our everyday lives. This topic hits at the heart of our most intimate relationships, and offers its hearers the possibility of finding true freedom and healing through the power of forgiveness.
